

**DropThought**  
by DropThought, Inc.

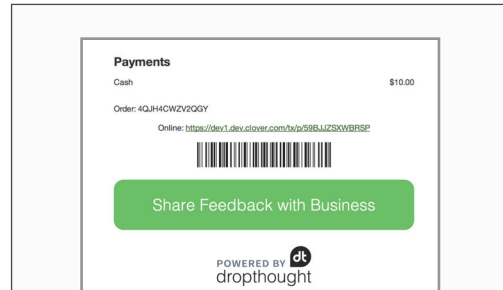

DropThought's Instant Feedback App now allows you to listen to your customers, address their needs and build lasting relationships.

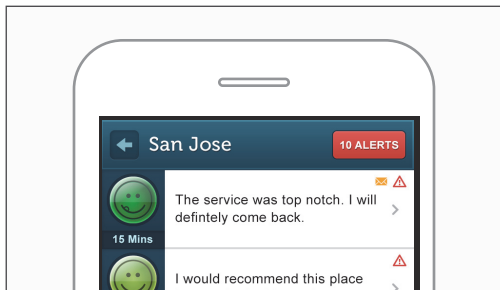

*Customers share instant feedback via their email, text or print receipts. You receive and respond to real-time feedback alerts on your mobile device. You can also use DropThought Dashboard to view the live feedback stream and your customer experience trends.*

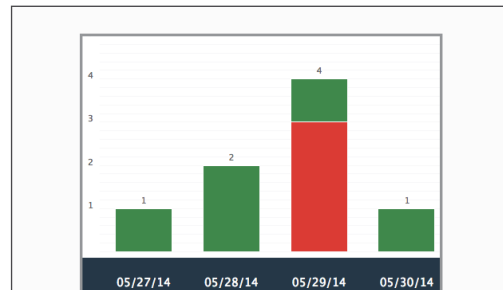

Select the DropThought app on Clover App Marketplace to install. You will receive a welcome email with more information.

Customers will be able to share instant feedback via their email, text or print receipts.

Download the DT Manager App from the iOS or Google Play app store. Your login credentials are provided in the welcome email.

Access DropThought dashboard at: [dashboard.dropthought.com/live](http://dashboard.dropthought.com/live)
