Send Message: Immediately

Quickly and easily email employees by name or assigned role.
Send immediately or schedule delivery for the ideal time.

With Employee Messenger (EM), you'll no longer need to manage multiple contact lists to connect with employees. Your Clover POS already knows employee names, positions, and email addresses. EM brings all this info together, providing a quick and easy way to send targeted emails to the employees you need to reach. Great for filling shifts on short notice!

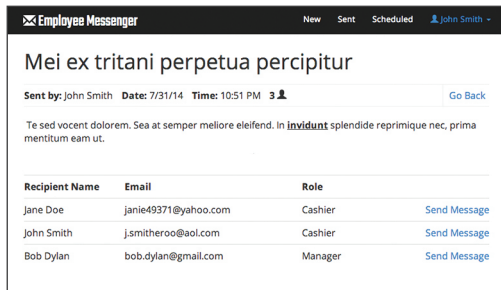

Employee Messenger interface showing a composed email. The 'To' field is populated with 'Cashiers', 'Cooks', and 'Jane Doe'. The subject is 'Sea at semper meliore eleifend'. The body contains the text 'Ferri te mea' followed by a paragraph of Lorem Ipsum text. The 'Send Message' dropdown is set to 'Immediately'.
